100-1 Preliminary Syllabus, Da-Yeh Univ

Information

Title		Serial No. / ID	1336 / EEI2097
Dept.		School System / Class	4 1
Lecturer		Full or Part-time	
Required / Credit	Optinal / 3	Graduate Class	Yes
Time / Place	( )7 / H203 ( )89 / H371	Language	Chinese

Introduction

by using programming to validate the system waveform of the communications

Outline

signal and linear systems
random process
amplitude modulation
analog to digital conversion
pulse code modulation
base band digital transmission
multi-amplitude signlal transmisssion
carrier modulation

Prerequisite

engineering math
