100-2 Preliminary Syllabus, Da-Yeh Univ

Information

Title		Serial No. / ID	0739 / IFI4065
Dept.		School System / Class	4　3
Lecturer		Full or Part-time	
Required / Credit	Optinal / 3	Graduate Class	Yes
Time / Place	(　)2　/ H562　(　)34　/ H562	Language	Chinese

Introduction

To familiarize students with the properties of interconnection networks and distributed systems

Outline

1 Introduction
2 Interconnection Networks and Graphs
3 Design Methodology of Topological Structure of Interconnection Networks
4 Well-know Topological Structures of Interconnection Networks
5 Fault-tolerant Analysis of Interconnection Networks

Prerequisite

discrete mathematics and graph theory
