

101-1 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	基本電學	Serial No. / ID	1994 / EEB1008
Dept.	電機工程學系	School System / Class	進修學士班2年1班
Lecturer	李金椿	Full or Part-time	專任
Required / Credit	Required / 3	Graduate Class	No
Time / Place	(四)ABC / H202	Language	Chinese

Introduction
<p>The subject</p> <p>The objective of this subject is designed to provide basic electricity principle for the junior students in the department of electrical engineering so that the students are able to learn advanced subjects</p>

Outline
basic electrical quantity electrical elements such as resistor, capacitor. and inductor. electrical circuits and networks.

Prerequisite
Calus & Physics
