| Introduction |
|---|
| <p>This course is mainly to set up sound and correct perspectives towards Chinese culture. Time and space are interwoven to develop the critical thinking. Close look at philosophers , famous sayings will enhance students , philosophy and value of life; understanding the historical ups and downs will equip students with critical viewpoints and lessons; peeping into the diplomatic ties between China and neighboring states will cultivate students , global perspectives. In this sense, civilized modern citizens are likely to survive any currents of globalization, westernization, localization, or mainlandization, with all these ideas offered in class.</p> |
