

# 102-1 Preliminary Syllabus, Da-Yeh Univ

| Information       |               |                       |                |
|-------------------|---------------|-----------------------|----------------|
| Title             | 動態網頁設計        | Serial No. / ID       | 0804 / IEI4088 |
| Dept.             | 工業工程與管理學系     | School System / Class | 大學日間部2年1班      |
| Lecturer          | 蘇慶良           | Full or Part-time     | 專任             |
| Required / Credit | Optinal / 3   | Graduate Class        | No             |
| Time / Place      | (三)234 / H729 | Language              | Chinese        |

| Introduction                                                                                                                                                                                                                                                                                                                                                        |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| The following topics are discussed in this course, whereby the students can learn the technique of internet language: Apache Tomcat Server, HTML language, Title display, Character size control, paragraph, preposition, drawn picture display, hyperlink by image, Picture as background, Table, frame, Text, label, and button, Multi choice display the result. |

| Outline                                                                                                |
|--------------------------------------------------------------------------------------------------------|
| 1. Apache Tomcat Server (網際網路伺服器)                                                                      |
| 2. Apache Tomcat Server (網際網路伺服器)                                                                      |
| 3. HTML language(網際網路語言)                                                                               |
| 4. HTML language(網際網路語言)                                                                               |
| 5. Title display(標題顯示)                                                                                 |
| 6. Character size control, paragraph, preposition(字體大小位置控制)                                            |
| 7. Bold, italic, underline, font, center, left, right, horizontal line(粗體, 斜體, 下劃線, 字體, 中心, 左, 右, 水平線) |
| 8. Show drawn picture(顯示繪製的圖片)                                                                         |
| 9. 期中考                                                                                                 |
| 10. Hyperlink by character(文字超連結)                                                                      |
| 11. Hyperlink by image(圖片超連結)                                                                          |
| 12. Background color(背景顏色)                                                                             |
| 13. Picture as background(圖片作為背景)                                                                      |
| 14. Table, frame(表格, 視窗分割)                                                                             |
| 15. Text, label, and button(文字框, 標籤和按鈕)                                                                |
| 16. Multi choice display the result(多選擇顯示結果)                                                           |
| 17. Multi choice display the result by pass item(依選擇項目多選擇結果顯示)                                         |
| 18. 期末考                                                                                                |
