

102-1 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	設計實習	Serial No. / ID	2246 / IDD3090
Dept.	工業設計學系	School System / Class	大學日間部3年1班
Lecturer	卓銀永	Full or Part-time	專任
Required / Credit	Optinal / 2	Graduate Class	No
Time / Place	(六)234 / G408	Language	Chinese

Introduction
<p>The course focuses on the development of concept, method, strategy and c r e a t e ion of product design, which are easily suitable for students who are interested in or experienced in industrial designs, decorative arts, furniture designs, interior designs and cultural c r e a t e ive design. The course includes the introduction and analysis of design concepts, strategy formation, as well as the advices and guidance for design practice. The course aims to improve the design skill of students from different fields. The major goals are:</p> <ol style="list-style-type: none"> 1. To enhance the ability to develop design concept 2. To cultivate the analytic ability for design method 3. To strengthen the cognition of design strategy formation 4. To instruct students in the practical skills in c r e a t e ive design

Outline
<ol style="list-style-type: none"> 1. Overall introduction 2. Introduction of Design concept (1) 3. Introduction of Design concept (2) 4. Analysis on design method (1) 5. Analysis on design method (2) 6. Design strategy formation (1) 7. Design strategy formation (2) 8. Mid-term exam 9. Design practice -Design thinking (1) 10. Design practice -Guidance (1) 11. Design practice -Advice (1) 12. Design practice -Design thinking (2) 13. Design practice -Guidance (2) 14. Design practice -Advice (2) 15. Design practice -Design thinking (3) 16. Design practice -Guidance (3) 17. Design practice -Advice (3) 18. Design work exhibition

Prerequisite

*Basic skill or pre-course requirement

Students should finish the product design course in sophomore year
