## Introduction

ELT Methods is designed as an introductory course for English majors who are interested in becoming English teachers or in understanding basic teaching methods for English. Discussions and lectures on fundamental teaching approaches for language four skills, as for listening, speaking, reading and writing, will be the center of this course. Students are required to do some practice teaching as part of the requirements for this course.

## Outline

Content 1: Learners  
Content 2: Teachers  
Content 3: Teaching  
Content 4: Language skills  
Content 5: TESOL issues

## Prerequisite

Discussions and lectures on fundamental teaching approaches for language four skills, as for listening, speaking, reading and writing, will be the center of this course.
