

102-1 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	工具機技術專論	Serial No. / ID	2544 / MPR5002
Dept.	工具機產業碩士學位學程	School System / Class	研究所碩士班1年1班
Lecturer	陳紹賢	Full or Part-time	兼任
Required / Credit	Required / 3	Graduate Class	No
Time / Place	(五)567 / H537	Language	Chinese

Introduction
Introduce the basic design approach to students. The main systems of machine tool are introduced. These systems include structure system, spindle system, feed systems, Control system,...etc..

Outline
<ol style="list-style-type: none">1. Introduction2. Main Structures3. Structural Design4. Feed System5. Spindle6. Auxiliary Equipments

Prerequisite
mechanical design
