Introduction
This is a task-based composition course. Students are taught how to generate ideas, produce correct and meaningful sentences and paragraphs with different functions. They will learn how to carry out a coherent writing task, from the brainstorming process to final draft. Besides teaching basic to intermediate English writing and composition skills in various short text forms, the course aims to train c r e a t e i v i t y, abstract thinking and peer-editing.

Outline
<ol style="list-style-type: none"><li>1. sentence structure</li><li>2. thesis statement writing</li><li>3. paragraph writing</li><li>4. narrative prose writing</li><li>5, contrast and comparison</li></ol>

Prerequisite
All English majors freshmen are supposed to take the course. Their prior language abilities are to be accessed to know which aspects are to be sharpened and advnaced.
