

102-2 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	電波工程	Serial No. / ID	3015 / EEI3050
Dept.	電機工程學系	School System / Class	大學日間部3年1班
Lecturer	吳俊德	Full or Part-time	專任
Required / Credit	Optinal / 3	Graduate Class	No
Time / Place	(二)567 / H341	Language	Chinese

Introduction
Introduce Maxwell equations and planar electromagnetic waves

Outline
<ol style="list-style-type: none">1. Time-varying fields and Maxwell equations2. Plane electromagnetics waves3. Attenuation and propogationg constants4. Circular polarization waves

Prerequisite
vector analysis
