Introduction

The course will introduce varied theory related to interpersonal communication: psychology, sociology, cultural anthropology, linguistics, and politic science; meantime, the course especially encourage graduate student apply these theory to review and reflect their research proposals. The course will not only expand students eyesight used for research, but also encourage the dialogue between social science and business science. We hope the students of management science can reflect deeper thinking from social science orientation in their own business study. At last, the course will touch the ethic subject of debate with the dialogue between management science and social science.
