Introduction
This course uses the complete equity method to allow students to focus on accounting concepts rather than bookkeeping techniques in learning consolidation material. The presentation of consolidation material and the use of excerpts from popular business press and references to real world companies and governmental and non-profit institutions are used to illustrate key concepts and maintain a strong student orientation.

Outline
<ol style="list-style-type: none">1. Introduction of consolidation concepts2. Complete equity method3. Preparing a basic consolidated financial statement4. Accounting for internal transactions for preparing a consolidated financial statement5. Non-profit institutions accounting
