## 98-2 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	普通物理(電學)	Serial No. / ID	0569 / EEI1046
Dept.	電機工程學系	School System / Class	大學日間部1年2班
Lecturer	李得勝	Full or Part-time	專任
Required / Credit	Required / 3	Graduate Class	NO
Time / Place	(三)3 / H339 (四)78 / H339	Language	Chinese

## Introduction

A. Department of Electrical Engineering Da-Yeh University, the aims of education (Educational Objectives)

- 1. Basic: teaching basic knowledge of mathematics and information.
- 2. Professional: professional and technical training in electrical engineering.
- 3. Integration: Strengthening the integration of technology application and training.
- 4. International outlook: foreign language skills, culture and international perspective.
- B. Department of Electrical Engineering Da-Yeh University, Education core competencies (Educational Outcomes)
- 1.1 has a basic knowledge of mathematics and ability.
- 1.2 has a physical basis of knowledge and skills.
- 1.3 has a basic knowledge of information technology and capability.
- 2.1 with electrical engineering expertise and application capability.
- 3.1 with data collection, simulation analysis, experimental design and problem solving ability.
- 3.2 necessary for engineering practice and implement the technical ability.
- 4.1 English with basic motor skills.
- 4.2 understanding of domestic motor development trend of related industries and pulse.
- 4.3 fully recognizes the importance of professional ethics, understanding of engineering technology on the
- environment, social and global implications, fulfilling the social responsibility of engineers.

Course Objectives:

Give students a thorough understanding of general physics courses to help students study for future courses (A1, B1.1, B1.2)

## Outline

Introduction

Chapter 21Coulombs LAW

Chapter 22Finding the electric field(1)

Chapter 23Finding the electric field(2)

Chapter 24Finding the Electric Potential

Mid Exm

Chapter 25Capacitors and Capacitance

Chapter 26Ohms Law

- Chapter 27Circuit Theory
- Chapter 28Magnetic Force

## Prerequisite

High school math, calculus and physics
