

98-2 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	工程統計	Serial No. / ID	1786 / EVI3038
Dept.	環境工程學系	School System / Class	大學日間部2年2班
Lecturer	余世宗	Full or Part-time	專任
Required / Credit	Required / 3	Graduate Class	NO
Time / Place	(二)6 / H566 (四)23 / H566	Language	Chinese

Introduction
This course lectures on the basics of statistical and probability analyses. The lessons will facilitate the application of statistical methods on engineering applications.

Outline
Statistical data analyses Probability and probability distribution Estimation and Inference Testing

Prerequisite
calculus
