

99-2 Preliminary Syllabus, Da-Yeh Univ

Information			
Title	環境工程特論	Serial No. / ID	2609 / GEN5436
Dept.	工學院碩士在職專班	School System / Class	碩士在職專班1年1班
Lecturer	李清華	Full or Part-time	專任
Required / Credit	Optinal / 3	Graduate Class	No
Time / Place	(六)567 / B201	Language	Chinese

Introduction
This course will provide students the required knowledge to conduct the project related to environmental engineering.

Outline
Introduction of waste water treatment engineering. Introduction of Air pollution control engineering. Introduction of waste treatment engineering. Introduction of scrap recycling engineering. Introduction of ecological engineering. Introduction of green energy engineering.

Prerequisite
None
