

97-1 大葉大學 完整版課綱 - 上課進度

上課進度		分配時數(%)				
週次	教學內容	講授	示範	習作	實驗	其他
1	Introduction to Manufacturing Processes	100				
2	Machining Operations and Tools, Grinding and Abrasive Processes	100				
3	Machining Operations and Tools, Grinding and Abrasive Processes	100				
4	Bulk Deformation Processes	100				
5	Processes of Welding, Casting, Power Metallurgy	100				
6	Processes of Welding, Casting, Power Metallurgy	100				
7	Nontraditional Machining	100				
8	Nontraditional Machining	100				
9	Middle examination	30				70
10	Nontraditional Machining	100				
11	Surface Treatment Coating and Deposition Processes	100				
12	Surface Treatment Coating and Deposition Processes	100				
13	Microfabrication Technology	100				
14	Microfabrication Technology	100				
15	Numerical Control and Flexible Manufacturing System	100				
16	Measurement and Inspection	100				
17	Measurement and Inspection	100				
18	Final examination					100
