上課進度		分配時數(%)				
週次	教學內容	講授	示範	習作	實驗	其他
1	課程簡介	100				
2	Mathematical Model of Systems	100				
3	State Variables Model	100				
4	State Variables Model	100				
5	Feedback Control System Characteristics	100				
6	Feedback Control System Characteristics	100				
7	The Performance of Feedback Control Systems	100				
8	The Performance of Feedback Control Systems	100				
9	The Stability of Linear Feedback Systems	100				
10	The Root Locus Method	100				
11	The Root Locus Method	100				
12	Frequency Response Method	100				
13	Frequency Response Method	100				
14	The Design of Feedback Control Systems	100				
15	The Design of Feedback Control Systems	100				
16	The Design of State Variable Feedback Systems	100				
17	The Design of State Variable Feedback Systems	100				
18	Exam	0				100
